

## Welcome to the Port Captains Page

A Port Captain is a member of the United States Power Squadrons®, who stands ready to provide advice and assistance to questions about safe boating and general issues regarding specific waterways.

The Port Captain can recommend service providers for boats such as mechanics, sail repairs medical products or assistance, local restaurants, lodging and shopping. Online tools available for boaters, including Garmin® Active Captain, is software available to cruisers to provide the latest information listed by other boaters for boaters.

The Port Captain is familiar with the activities of local America's Boating Clubs, the U.S. Coast Guard and the Coast Guard Auxiliary, including events available through the towns and cities they represent. While Port Captains are under no obligation to provide more than friendly advice, they are persons who enjoy meeting people and strive to be of assistance to any and all contacts if possible. They are eager to share their knowledge of local waters, unmarked hazards to safe navigation and to make inquirers feel they are welcome and have found a friend.

Please see the [Port Captain List](#).
